DESCRIPTIVE SHEET

Capacity : 11/12 people – 5 air-conditioned bedrooms – 5 bathrooms – Living area : 180 m²

Beautifully renovated traditional 17th century building. 5 bedrooms, 5 bathrooms, Wi-Fi and a magnificent swimming pool. Welcome to Southern Ardèche!

We will be happy to welcome you in our residence "Les Terrasses des Sielves" in the calm of a small protected hamlet in the commune of Chambonas, 5 min drive from the shops.

This large sandstone building was opened in 2019 after 4 years of total renovation, respecting the traditional techniques (chestnut wood frame, slate roof, ...); it has been classified as "Meublés de tourisme 4****" and "4 épis Gîtes de France". We wanted it to offer our guests an exceptional level of comfort and equipment (mobile networks, Wi-Fi, UHD TV, Blu-ray player, plancha, barbecue, wood stove, efficient central heating, air conditioned rooms ...). We can thus receive our guests throughout the year.

The various residential buildings are structured around a large interior terrace on two levels and offer multiple living spaces to meet or, on the contrary, to isolate oneself according to the mood of the moment. Each of the 5 bedrooms has a shower room and a private toilet. They can comfortably accommodate 11 people (12 if necessary with an extra bed). For the greatest comfort of our guests, sheets and towels are provided free of charge as well as "foutas" for the swimming pool.

The magnificent swimming pool area (salt treatment for better swimming comfort) is exclusively reserved for our guests. The panoramic view over the valley contributes to extraordinary days of relaxation around the large flat-bottomed pool with submerged beach, the bowling pitch or leaning against the bar under the pergola.

Ideally situated in the heart of the southern Ardèche and its many rivers, you can enjoy, in the immediate vicinity, its exceptional sites (Gorges de l'Ardèche, Pont d'Arc, Grotte Chauvet, Aven d'Ornac ...), its sporting activities (canoeing down the gorges, mountain biking, hiking, horseback riding ...), its villages of character (Balazuc, Labeaume, Naves, Banne ...) and its farmers' and artists' markets.
